# QUICK GUIDE

sensbi

|ZPLUGI-L
Zigbee Smart Plug

The ZPLUGI-L is a Zigbee smart plug that connects to your internet through a Zigbee hub. With this smart plug, you can turn devices on/off, schedule on/off times, and share control with your family members. This instruction manual will guide you through the setup and operation of your ZPLUGI-L smart plug.

Important note: All Zigbee devices require an operating Zigbee gateway. Please follow the Zigbee hub user guide for setup instructions.
