## DT Accessories PC6A

---

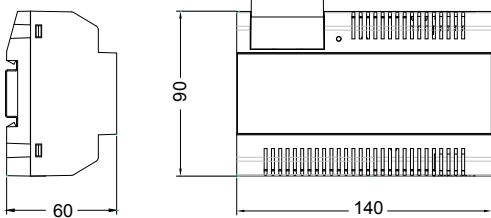

---

### DESCRIPTION

2-wire system 24V Power Comb with Din-rail mounting.

### DIMENSION

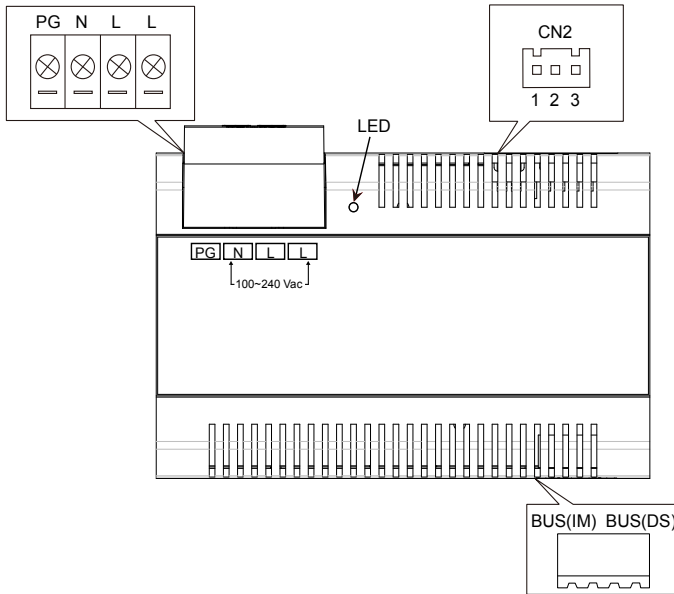

### FEATURES

- Power comb unit for DT system;
- Universal AC input/full range;
- Short circuit, overload and over voltage protections;
- Din-rail mounting; DC26V 1.5A output.

# DT Accessories

## PC6A

### PARTS AND FUNCTIONS

**PG:** Earth ground port.

**N:** AC input.

**L:** AC input.

**LED:** power indicator, always on when plug in power.

**CN:** bus control terminal.

**BUS(IM):** indoor monitor connection terminal.

**BUS(DS):** door station connection terminal.

### SPECIFICATION

Input Voltage: 100~240Vac

Input Frequency: 50~60Hz

Rated Output Voltage: DC 26V±2V

Rated Output Current: 1.5A

Working Temperature: -20°C~55°C

SW Port Input Voltage: Max.230Vac, 2A

Dimension: 140\*90\*60mm
